(Beginning in 2018)

About the Founder

Darcy Harrington is a professional dancer who is passionate about creating more opportunities for dancers to perform. She is inspired by the idea that while these opportunities are scarce, dancers are abundant. With this vision Georgetown Ballet was born. This community-supported dance company's goal is to combine industry professionals from around the country with locally trained dancers and create outstanding ballet performances in the Georgetown area. Now in our third season we strive to make this a self-sustaining project through the support and donations of community-minded individuals and businesses like you.

In December 2014 Georgetown Ballet performed Act II of The Nutcracker, its first-ever performance, at The Palace Theater to an enthusiastic audience and was featured on the front page of the Williamson County Sun. Since then, the company has staged three more shows, with increasingly larger audiences attending. Our December 2016 performance of Act II of The Nutcracker was attended by more than 500 people! This was followed by a full-length performance of Swan Lake.

In April 2017, we received notice from the IRS that Georgetown Ballet was awarded non-profit status! You can find out about the various ways to support Georgetown Ballet by clicking on the "Support Us" page on our website or by contacting one of our representatives at the phone number or email listed in this brochure. We also have a growing presence on social media.

Thank you for your interest in Georgetown Ballet. We hope you will consider supporting our vision and we also hope to see you at a show soon!
